DEVELOPMENT
WASH-GUARD™ Tex-Bond™ Primer is a water-based, ready-to-use primer specifically formulated to act as a bonding coat over difficult to adhere surfaces. WASH-GUARD™ Tex-Bond Primer utilizes state-of-the-art acrylic polymer technology designed for maximum adhesion to many hard, slick surfaces while assuring optimum adhesion of many of top-coats applied over it.

FEATURES
• Water-based acrylic formulation.
• Superior adhesion to hard, slick surfaces.
• Fast drying
• Single component product.
• Low VOC.
• Soap and water clean-up.

RECOMMENDED OVER
• Fiberglass
• PVC
• Tile
• Paneling
• Mildly Chalking Surfaces
• Previously Painted Non-Metal Surfaces

APPLICATION
Application Equipment:
• Conventional airless spray with .013-.015 tip.
• Medium nap (3/8" -1/2"") roller.
• High-quality nylon/ polyester bristle brush.

Surface Preparation
Surface must be sound, clean and dry prior to application of primer. Remove all loose, chipping, cracking and peeling paint from previously painted surfaces by hand scraping, sanding and wire brushing and/or by use of power tool cleaning methods such as electric sanders, grinding and/or by use of power tool cleaning methods. If surfaces have been factory primed, advise TCA of type used to avoid incompatibility and potential loss of adhesion. Apply at a coverage rate of 300-400 square feet per gallon. Allow a minimum of 24 hours to dry under ideal weather conditions prior to top-coating. Primer must be top-coated within 14 days of application or re-priming will be necessary.

Clean-Up:
Clean up wet material with soap and water.

BEST PERFORMANCE
• All surfaces must be cleaned and prepared per above instructions.
• Do not apply over damp surfaces or when rain is imminent.
• Protect product from freezing.

ORDER INFORMATION
Packaging:
WASH-GUARD™ Tex-Bond™ Primer is available in one (1) or five (5) gallon containers.

Coverage Rates:
300-400 square feet per gallon depending on surface profile and application method. Do not thin.

Shelf Life:
Twelve month shelf under proper storage conditions. Containers must be stored upright and maintained between 40°F – 110°F. Keep away from direct sunlight.

WASH-GUARD™ TEX-BOND™ PRIMER

APPLIED TO
- Non-Painted Wood Surfaces
- Painted Wood Surfaces
- Metal Surfaces
- Vinyl Surfaces
- Fiberglass
- Paneling
- Tile
- Masonry
- Ceramic
- Porcelain
- Cast Iron
- Plastic
- Non-Painted Brick
- Stone
- Pressed Gypsum
- Cast Stone
- Cement
- Concrete
- Poured Concrete
- Masonry
- Plastic
- Gypsum
- Non-Painted Wood
- Non-Painted Masonry
- Painted Masonry
- Painted Stone
- Painted Concrete
- Painted Gypsum
- Painted Pressed Gypsum
- Painted Limestone
- Painted Concrete
- Painted Plastic
- Painted Masonry
- Painted Cast Stone
- Painted Cement
- Painted Brick
TECHNICAL DATA
- Color: White
- Gloss: Flat
- Weight per gallon: 10.2 lbs
- Weight Solids: 41.0%
- Viscosity: 90-95 Ku
- VOC: <100 grams/Liter
- Flash Point: None
- Shelf life: 12 months (unopened/properly stored)
- Do not store in direct sunlight.
- Shelf life: 12 months (unopened/properly stored between 40-110°F temperature)
- Application Temperature: 50 - 100°F (10 - 38°C)
- Dry Time @ 77°F (25°C) & 50% RH:
  - To Touch: 1 hour
  - Recoat: 4 hours
  - Top-coating: 24 hours minimum

**SAFETY**
Do not breathe spray mist. Wear appropriate gloves and eye protection during application. Wash thoroughly after handling.

First aid:
In case of eye contact, flush immediately with large quantities of water for at least 15 minutes. Seek medical attention if blurring or redness continues.

**WARRANTY**
Upon completion of application of coating in accordance with the manufacturer’s recommendations, Textured Coatings of America, Inc. will extend its limited commercial warranty for product replacement as a results of a defect in the material. The manufacturer must be notified prior to the application of the coating and the application must be in compliance with manufacturer’s recommendations for installation. TEX•COTE® shall have no obligation to contribute or to otherwise participate in labor or cost associated with effecting repairs. Specimen copy of material warranty is available upon request.

**VOC COMPLIANCE**
All TEX•COTE® products comply with federal and state Volatile Organic Compound (VOC) rules and regulations.
